

Panel 1: Into the Woods

Spark, a small cheerful metal robot with glowing blue optical sensors and treads, rolls along a mossy path inside a quiet enchanted forest. Giant glowing mushrooms and ancient trees loom in the background.

Caption: Deep within the Whispering Woods, routine patrol takes an unexpected turn.

Narrati

Panel 2: The Hidden Glow

Spark stops in a dense thicket as a strange, ethereal light catches his attention. He points his manipulator arm toward a hidden clearing bathed in magical illumination.

Caption: A flicker of impossible light cuts through the dense canopy.

Panel 3: The Magic Flower

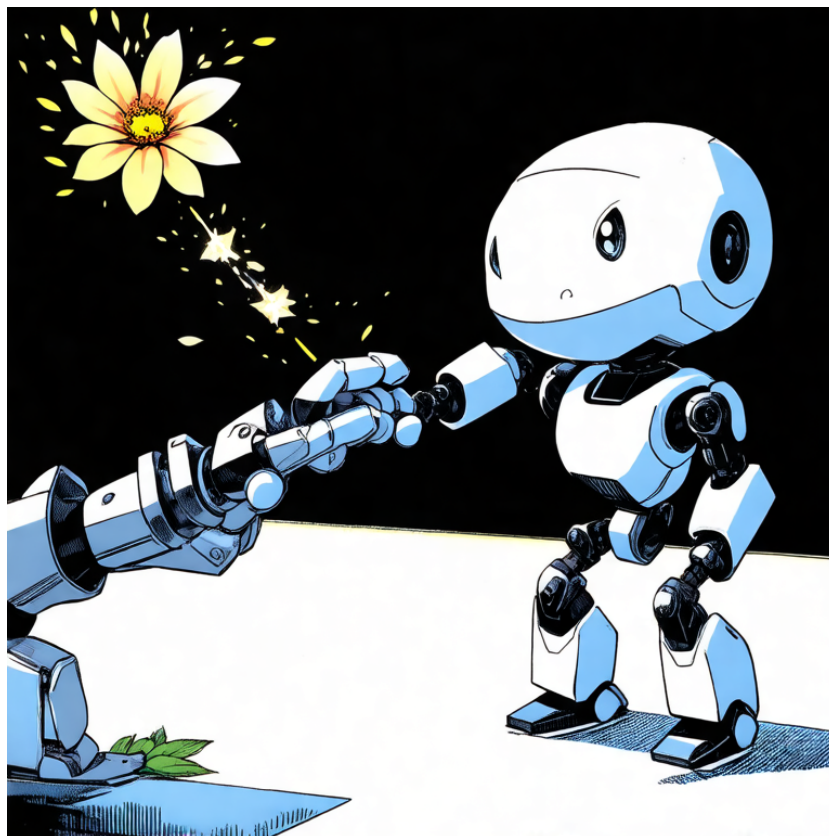

Close up on the discovery: a magnificent glowing magic flower with crystalline petals hovering slightly above the ground, casting vibrant violet and gold hues across the surrounding flora.

Caption: A botanical marvel hidden away from the rest of the world.

Narrati

Panel 4: A Gentle Awakening

Spark reaches out a metallic hand to touch the floating flower. As his finger approaches, the flower reacts by shooting gentle, sparkling energy tendrils toward his chassis.

Caption: A spark of curiosity meets a spark of magic.

Narrati

Panel 5: A New Bond

Spark's optical sensors glow a warm bright green in delight as the magic flower rests gently in a small compartment on his chest, illuminating the forest path ahead of him.

Caption: A new partnership forged under the forest canopy.
